

GUIDED BY **INTEGRITY** • POWERED BY **PERFORMANCE** • COMMITTED TO **SAFETY**

## *Steel* INDUSTRY SERVICES

Wagner Industrial Electric (WIE) provides electrical construction services for new industrial installations, as well as renovations, upgrades, and expansions to existing facilities. We pride ourselves on our ability to execute the entire range of electrical projects from High Voltage Power Distribution to Digital Control Systems and everything in between. The diversity of our installation methods while maintaining a “No Impact” approach assures that your facility experiences a seamless transition. Our installations include:

- Major Controls Upgrades
- Hot Strip Mills
- Pickle Lines
- Blast Furnace
- BOF / Casters Annealing Furnaces

The goal of WIE is to exceed customer expectations in Safety, Quality, Performance and Value. The planning and detail that go into our estimating, pre-construction planning, project management services and scheduling help us achieve this goal. WIE has the ability to handle large and complex projects as well as smaller upgrades and repairs.

*We want to be your single source contractor to handle all of your electrical needs!*

***Guided by Integrity***  
***Powered by Performance***  
***Committed to Safety***

WIE is comfortable providing numerous delivery methods including Plan and Spec., Design / Build, Design Assist or Turn Key depending on your construction needs. We are flexible and can adjust our level of support accordingly. We are capable of providing all of the following services:

- Project Design and Budgeting
- Scheduling and long lead equipment identification and procurement
- Constructability Review and Value Engineering
- Construction Planning and Execution
- Cost Control and Cash Flow Projections
- Quality Control and Monitoring Systems
- Safety Management
- Construction Management
- Systems Startup and Commissioning
- Operation and Maintenance Training

Safety is paramount every step of the way. Through employee training, pre-task planning, presence of on-site safety professionals, tool box talks, incentives, audits and discipline, all of our job sites have a culture of safety that strives for zero accidents and zero injuries. This philosophy not only provides our employees a safe place to work but facilitates project morale, productivity and quality.

***Safety, Quality, Performance and Value, the product WIE delivers to your project.***
